Radio Fax are now sending out a new QSL card. (re-printed left). It is similar to the old one in design, but has been up-dated to include the current staff members. Also available from Radio Fax, for an s.a.e., is a detailed description of the AM synchronous detector available from Surrey Electronics for £150, and advertised on the station. This boxed unit is used in conjunction with an existing receiver. More information on the detector is obtainable from Surrey Electronics Ltd., The Forge, Lucks Green, Cranleigh, Surrey GU6 7BG.

Many thanks to all contributors this week.

(although we had in on the merchandise list), is the **Set of Photographs**. There are 11 excellent shots in set, which were taken by ace photographer Theo Den They depict side and front views of the fort, along various shots on the deck. See the Bates family on ve shots, in their 'natural habitat', as well as how they g to the deck itself from a tender. Price is just £5.0 the set.
